PROFILE

Experienced Software Developer with a passion for solving problems and helping others. Able to create robust, organized, and optimized full stack web applications using a variety of technology. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

EMPLOYMENT HISTORY

Software Engineer, 100 Devs   Los Angeles
Jan 2022 — Present

Created multiple robust full stack web applications using technology such as, but not limited to, NodeJS, ExpressJS, MongoDB, and EJS for templates. Worked in both individual and team environments with much success. Used software design paradigms such as MVC.
